

## News

Welcome to the August edition of the REVIVED newsletter. The most important news is that our application for a cost extension has been successful. This will keep the trial running until the 31st December 2022, with recruitment able to continue until the 30th April 2020. This would not have been possible without the hard work and support from all of you at the sites over the last year, which has provided strong evidence that this trial can be delivered.

## 345 patients recruited

### Recruitment News

Recruitment in July has been fantastic and we are now very close to the halfway stage of recruitment (an overall sample size of 700 patients).

July has been our equal second-best month for number of sites recruiting (11) and our equal second-best month for recruitment (15). This means we are now slightly ahead of the recruitment target. 23 out of the 30 active sites have now recruited in 2017.

Congratulations to our star recruiters this month; Roshan, Mervyn, Kaylene and the team at Barts, with 3 patients. Congratulations also to Helen, Angela, Jasper, William and the team at Worcester Acute, and Kai, Charmaine, Simon, Adrian and the team at Kettering General, both sites recruited 2 patients. Kettering's were their first patients in over 12 months.

A special thank you goes to Mark and Cath at Middlesbrough who recruited their first patient in 18 months, Fozia, Cara, Anu, Thabi and the team at Manchester who recruited their first in a year, and Ian, Tony, Joanna, Gerry and the team at Leicester who recruited their first patient in 9 months. It is very encouraging to see sites recruit after a long delay.

Newcastle and Liverpool have continued their revival and Belfast, Golden Jubilee and St Thomas' have all maintained their strong recruitment with a patient each.

As usual keep up the fantastic work screening and identifying potential patients.
