

## NO PCI UNLESS IN REVIVED

Patients who are eligible for REVIVED should not be offered PCI outside of the trial. This has been endorsed by NICE in their recent published update to their guidelines on diagnosing and managing chronic heart failure [Section 1.8.1]. It also re-iterates that there is a lack of evidence for PCI in this patient population. The results from REVIVED will be hugely important in filling in that gap in evidence and improving treatment in heart failure patients.

### New REVIVED sites

A warm welcome to Dorset County Hospital and Great Western Hospital, who had their site initiation meeting and opened to recruitment in September. It was wonderful to meet both teams and we wish you all the best!

# WELCOME

### Questions about invoicing?

All REVIVED invoices, PO number requests etc. should be sent to:  
Neil Adcock ([neil.adcock@kcl.ac.uk](mailto:neil.adcock@kcl.ac.uk))  
and [accountspayable@KCL.ac.uk](mailto:accountspayable@KCL.ac.uk)

### Competition update

At the beginning of September, we announced that we were going to have a prize giveaway at patient 470, 480 and 490, leading to a bigger prize for patient 500.

The first prize went to Charlotte, Huw, Serena and the team at Queen Alexandra Hospital for recruiting patient 470.

We will continue to provide updates as we approach each prize point. There is still all to play for!

## New team member

Hi everyone!

I'm Christina and I've been working as a trials assistant here at the LSHTM CTU for the past few months. I've recently started working on the management and reporting of events for REVIVED, and I'm looking forward to working with you all!

*Interests:*

In my spare time, I run an ethical stationery business and love to see new places when I have the chance.

*Favourite thing to do at the weekend:*

Scare myself by watching a **Spooky** film!

## Quarter 3 recruitment

## Update to the REVIVED randomisation system

Back in May, Sealed Envelope updated the REVIVED randomisation system allowing users to be able to reset their own passwords. In order to be able to do this, users must update their profiles with a back-up email address or telephone number. You can access your profile by clicking on 'My account' in the upper right-hand corner on the 'Trials' page.

We are also urging all site staff to check their login details on the system. For some members, their password may have changed when the system was updated. This is because Sealed Envelope integrated the access to REVIVED alongside other newer trials (e.g. ARREST, ERIC-PPCI and SIMPLE), that they also host.

Any problems with login or changing your password, contact the REVIVED CTU.
